**NCPA President To Address Health Care Reform**  
*Success North Dallas Symposium Looks at Impact on Workers and Employers*

DALLAS, TX (June 15, 2009) — National Center for Policy Analysis President John C. Goodman will discuss health care reforms proposed by the Obama administration and Congressional Democrats at a symposium sponsored by Success North Dallas. Dr. Goodman, who is the Kellye Wright Fellow at the NCPA, will analyze the impact of the proposed reforms for employers and employees and the future of health care in the U.S.

“Health care represents significant costs and responsibilities for local businesses,” said Bill Wallace, CEO of Wallace Financial Group and founder of Success North Dallas. “So the urgency that the White House and Congress have imposed for reform increases the impact of those decisions.

The symposium will be held at Prestonwood Country Club on Wednesday, June 17 from 7:15 a.m. until 9:00 a.m. The club is located at Preston and Arapaho Roads in Dallas.
